

Our mission is to make it easy to do business anywhere. We help you to build, manage and scale a cloud that allows you to continuously innovate and tap into unreached business potential.

Introduction

Alibaba Cloud, established in 2009, provides a comprehensive suite of cloud computing services to businesses worldwide from start-ups to corporations to government organizations. Alibaba Cloud is the official Cloud Services partner of the International Olympic Committee.

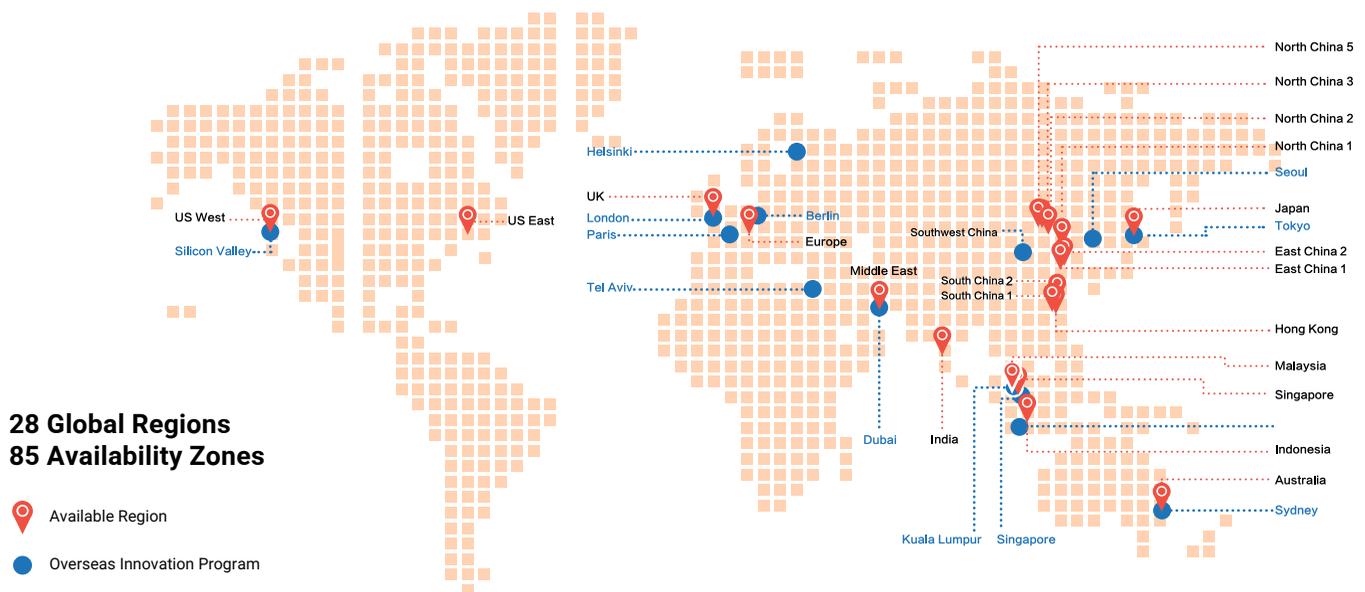

Advantages

Global Ecosystem: Alibaba Cloud is the technology backbone of Alibaba Group, whose global ecosystem includes e-commerce, payment, logistics, travel and more. We believe the internet can level the playing field by enabling enterprises to leverage innovation and technology to grow and compete more effectively in the domestic and global economies.

Alibaba Cloud has the most comprehensive compliance in the Asia Pacific region including C5 standard, PCI DSS, HIPAA, and the EU GDPR.

Inclusive Technology: Our products and solutions are flexible, accessible, and affordable.

Asia Pacific No.1 Cloud Provider: Access China's most advanced cloud network with dedicated ICP application and compliance support.

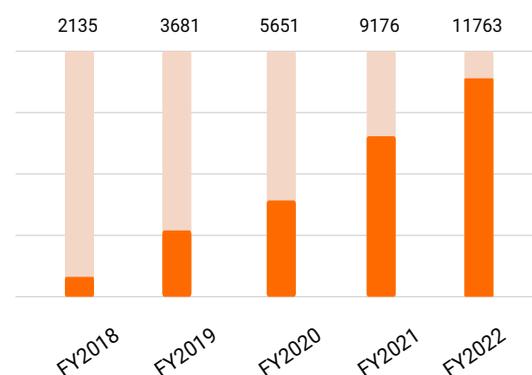

Products & Solutions

Our products and solutions include large-scale computing, storage resources, security, big data analytics, and ET Brains that enable your business and industry to reach the next level.

Globally Available

We have 85 availability zones across 28 regions globally and have formed collaborations with world leading technology brands including Intel, SAP, CRM, Salesforce, VMware, SIEMENS, Deloitte and Accenture.

Revenue Growth (In Millions USD)

Intelligent Retail

"Pure e-commerce will become a traditional business and be replaced by the concept of New Retail -- the integration of online, offline, logistics and data across a single value chain."

— Jack Ma

As one of the world's biggest e-commerce companies, Alibaba Group has completely changed the retail game in China. Alibaba Cloud enables the transformation of the retail industry by providing operational efficiency and an omni-channel customer experience.

Immersive Consumer Experience

Support across Australia and New Zealand

Locally we support customers with two availability zones covering Australia and New Zealand, helping organisations looking to expand to China and Asia Pacific. We deliver business value through better account servicing, agile solution implementations and cost savings.

Who we work with

Alibaba Cloud works across a range of industries in ANZ. We support over 20 universities connecting students for remote learning, fintech organisations such as Airwallex, LifeByte and Vantage FX and retail businesses like Chemist Warehouse, New Aim and Ally Fashion.
